Ride Description:

Start: Sylvan Park in Redlands (From Pasadena, east on I-210, south on SR57, east on I-10 to City of Redlands, off and left-University St, L-Park Av to Sylvan Park). 42 miles. Moderate to steep grades. This tour travels to Angelus Oaks in the San Bernardino National Forest. This is a challenging ride highlighted by an unrelenting climb on Hwy 38 to Angelus Oaks, originally Camp Angelus back in the logging days of the early 1930s. The fresh scent of pine awaits the cyclist upon arrival in Angelus Oaks. The return is a fast downhill to the start in Redlands. Lunch at The Oaks Restaurant at 37676 Hwy 38, Angelus Oaks, CA; ☎(909) 794-3611. Call _____ at _____ for ride information.

Notes about ride:

1. Approximately 6 to 8% grade along Hwy 38 between Mill Creek Ranger Station and Angelus Oaks.
2. Approximately 4500 feet of elevation gain on this ride.
3. Limited shoulder on Hwy 38, especially last five (5) miles into Angelus Oaks.
4. Schedule ride in early spring (March and April) or late fall (October/November) to avoid the heat.
