Ride Description:

Start: Sylvan Park in Redlands (East on I-10 to Redlands, exit and north-University Av, cross railroad tracks, L-Park Av to Sylvan Park). Short option--28 miles, rolling terrain. Long option--37 miles, rolling hills and hilly (3600 feet elevation gain). The short option tours the communities of Redlands and Loma Linda while the long option goes up to the apple growing community of Oak Glen. Call _____ at _____ for ride information. FCC encourages carpooling for this out-of-town ride.

Notes:

1. The "Oak Glen/Yucaipa Ride" is also called "Apple Blossom Time" when scheduled during the spring; "Apple Harvest Time" when scheduled during early fall.
